Imperial MAPD 2022 5-Tier (List of Covered Drugs)	21
Index of Drugs.....	110

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Imperial Health Plan of California, Inc. (HMO) (HMO SNP). When it refers to “plan” or “our plan,” it means Imperial Health Plan.

This document includes a list of the drugs (formulary) for our plan which is current as of 11/22/2022. for an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2022, and from time to time during the year.

What is the Imperial Health Plan Formulary?

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an Imperial Health Plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change (s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Imperial Health Plan Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary; or add new restrictions to the brand name drug or move it to a different cost sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide

you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Imperial Health Plan Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2022 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2022 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 11/22/2022. to get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages.

In the event of non-maintenance changes to the formulary throughout the plan year, Imperial Health Plan may make changes via errata sheets mailed to you. Additionally, you may visit our website for a link to the errata sheet.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 21. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. for example, drugs used to treat a heart condition are listed under the category, “CARDIOVASCULAR”. If you know what your drug is used for, look for the category name in the list that begins on page number 18. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 110. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.
- **Quantity Limits:** for certain drugs, our plan limits the amount of the drug that we will cover. for example, our plan provides 60 capsules per prescription for celecoxib. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. for example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 21. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask us to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Imperial Health Plan Formulary?" on page 6 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by our plan.
- You can ask our plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Imperial Health Plan Formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. for example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. for example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Exceptions are available for beneficiaries who have experienced a change in the level of care they are receiving which requires them to transition from one facility or treatment center to another. Examples of situations in which beneficiaries would be eligible for the one-time temporary fill exception when they are outside of the three-month effective date into the Part D program are as follows:

1. Beneficiary was discharged from the hospital and was provided a discharge list of medications based upon the formulary of the hospital.
2. Beneficiaries who end their skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who need to revert back to their Part D plan formulary.
3. Beneficiaries who give up Hospice Status to revert back to standard Medicare Part A and B benefits.
4. Beneficiaries who are discharged from Chronic Psychiatric Hospitals with medication regimens that are highly individualized.

Nota para los miembros actuales: este Formulario ha cambiado con respecto al año pasado. Revise este documento para asegurarse de que aún contiene los medicamentos que toma.

Cuando esta Lista de medicamentos (Formulario) menciona “nosotros”, “nos” o “nuestro”, hace referencia a Imperial Health Plan of California, Inc. (HMO) (HMO SNP). Cuando dice “plan” o “nuestro plan”, hace referencia a Imperial Health Plan.

Este documento incluye una lista de los medicamentos (Formulario) de nuestro plan, la cual está en vigencia desde el 22/11/2022. Para obtener un formulario actualizado, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y la portada posterior.

Generalmente, debe concurrir a las farmacias de la red para usar el beneficio de medicamentos con receta. Los beneficios, el formulario, la red de farmacias o los copagos/el coseguro pueden cambiar el 1 de enero de 2022 y periódicamente durante el año.

¿Qué es el Formulario de Imperial Health Plan?

Un Formulario es una lista de medicamentos cubiertos seleccionados por nuestro plan con la colaboración de un equipo de proveedores de atención médica, que representa los tratamientos con receta que se considera que son parte necesaria de un programa de tratamiento de calidad. Normalmente, nuestro plan cubrirá los medicamentos incluidos en el formulario, siempre que el medicamento sea médicaamente necesario, el medicamento con receta se obtenga en una farmacia de la red de Imperial Health Plan y se cumpla con otras normas del plan. Para obtener más información sobre cómo obtener sus medicamentos con receta, consulte la Evidencia de cobertura.

¿Puede cambiar el Formulario (lista de medicamentos)?

La mayoría de los cambios en la cobertura de los medicamentos ocurre el 1 de enero, pero nosotros podríamos agregar o quitar medicamentos de la Lista de medicamentos durante el año, moverlos a diferentes niveles de costo compartido o agregar nuevas restricciones. Debemos seguir las normas de Medicare al hacer estos cambios.

Cambios que pueden afectarlo este año: en los casos a continuación, usted se verá afectado por los cambios de cobertura durante el año:

- **Nuevos medicamentos genéricos.** Podemos eliminar inmediatamente un medicamento de marca de nuestra Lista de medicamentos si lo reemplazamos con un nuevo medicamento genérico que aparecerá en el mismo nivel de costo compartido o en un nivel de costo compartido más bajo y con las mismas restricciones o menos. Además, cuando agreguemos el nuevo medicamento genérico, podemos decidir mantener el medicamento de marca en nuestra Lista de medicamentos, pero inmediatamente moverlo a un nivel de costo compartido diferente o agregar nuevas restricciones. Si actualmente está tomando ese medicamento de marca, quizás no le informemos con antelación antes de que realicemos el cambio, pero más adelante le proporcionaremos información sobre los cambios específicos que hemos realizado.
 - Si realizamos un cambio, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción y sigamos cubriendo el medicamento de marca para usted. En el aviso que le proporcionamos también se incluirá información sobre cómo solicitar una excepción, y usted también puede encontrar información en la sección a continuación titulada “¿Cómo puedo solicitar que se haga una excepción al Formulario de Imperial Health Plan?”
- **Medicamentos retirados del mercado.** Si la Administración de Drogas y Alimentos considera que un medicamento de nuestro Formulario es inseguro o el fabricante del medicamento lo retira del mercado, eliminaremos de inmediato dicho medicamento de nuestro Formulario y les notificaremos a los miembros que toman el medicamento en cuestión.
- **Otros cambios.** Podemos hacer otros cambios que afectan a los miembros que actualmente toman un medicamento. Por ejemplo, podemos agregar un medicamento genérico que no es nuevo en el mercado para reemplazar un medicamento de marca que actualmente se encuentre en el Formulario, o agregar nuevas restricciones al medicamento de marca o moverlo a un nivel de costo compartido diferente, o ambas cosas. O bien, podemos hacer cambios en función de las nuevas pautas clínicas. Si retiramos medicamentos de nuestro

Formulario, o agregamos autorizaciones previas, restricciones de límite de cantidad o de tratamiento escalonado en un medicamento o si pasamos un medicamento a un nivel superior de costo compartido, debemos notificarles a los miembros afectados por el cambio al menos 30 días antes de que entre en vigencia dicho cambio, o cuando el miembro solicite un resurtido del medicamento, momento en el cual el miembro recibirá un suministro del medicamento para 30 días.

- Si realizamos estos otros cambios, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción y sigamos cubriendo el medicamento de marca para usted. En el aviso que le proporcionamos también se incluirá información sobre cómo solicitar una excepción, y usted también puede encontrar información en la sección a continuación titulada “¿Cómo puedo solicitar que se haga una excepción al Formulario de Imperial Health Plan?”

Cambios que no lo afectarán si actualmente toma el medicamento. En general, si usted toma un medicamento de nuestro Formulario para 2022 que estaba cubierto al comienzo del año, nosotros no discontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2022, excepto como se describe anteriormente. Esto significa que, por el resto del año de cobertura, estos medicamentos continuarán disponibles al mismo costo compartido y sin nuevas restricciones para aquellos miembros que estén tomándolos. No recibirá un aviso directo este año sobre cambios que no lo afectan. Sin embargo, dichos cambios lo afectarían a partir del 1 de enero del año siguiente, y es importante que verifique la Lista de medicamentos del nuevo año de beneficios por cualquier cambio en los medicamentos.

El Formulario adjunto es vigente a partir del 22/11/2022. Para recibir información actualizada sobre los medicamentos cubiertos por nuestro plan, comuníquese con nosotros. Nuestra información de contacto aparece en las páginas de la portada y la portada posterior.

En caso de cambios al formulario durante el año del plan que no sean relacionados al mantenimiento, Imperial Health Plan puede realizar cambios a través de las hojas de correcciones que le enviamos. Además, puede visitar nuestro sitio web para encontrar un enlace a la hoja de correcciones.

¿Cómo utilizo el Formulario?

Hay dos formas para encontrar su medicamento dentro del Formulario:

Afección médica

El Formulario comienza en la página 21. Los medicamentos de este Formulario están agrupados en categorías según el tipo de afección médica para cuyo tratamiento se los emplea. Por ejemplo, los medicamentos utilizados para tratar una afección cardíaca se enumeran dentro de la categoría “CARDIOVASCULAR”. Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que empieza en la página 18. Luego, busque su medicamento debajo del nombre de la categoría.

Listado alfabético

Si no está seguro de qué categoría consultar, debe buscar su medicamento en el Índice que comienza en la página 110. El Índice proporciona una lista alfabética de todos los medicamentos incluidos en este documento. En el Índice, están tanto los medicamentos de marca como los genéricos. Busque en el Índice y encuentre su medicamento. Junto a su medicamento, verá el número de página donde puede encontrar información acerca de la cobertura. Vaya a la página que figura en el Índice y encuentre el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Nuestro plan cubre tanto los medicamentos de marca como los genéricos. Un medicamento genérico está aprobado por la Administración de Drogas y Alimentos (FDA) dado que se considera que tiene el mismo ingrediente activo que el medicamento de marca. Normalmente, los medicamentos genéricos cuestan menos que los de marca.

¿Hay alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos o límites adicionales de cobertura. Estos requisitos y límites pueden incluir:

- **Autorización previa:** Nuestro plan exige que usted o su médico obtenga una autorización previa para determinados medicamentos. Esto significa que necesitará contar con la aprobación de nosotros antes de obtener sus medicamentos con receta. Si no consigue la autorización, es posible que nuestro plan no cubra el medicamento.
- **Límites de cantidad:** para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que cubriremos. Por ejemplo, nuestro plan proporciona 60 cápsulas por receta para celecoxib. Esto puede ser complementario a un suministro estándar para un mes o tres meses.
- **Tratamiento escalonado:** en algunos casos, nuestro plan requiere que usted primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa enfermedad. Por ejemplo, si el medicamento A y el medicamento B tratan su afección médica, es posible que nuestro plan no cubra el medicamento B a menos que usted pruebe primero el medicamento A. Si el medicamento A no funciona para usted, entonces nuestro plan cubrirá el medicamento B.

Para averiguar si su medicamento tiene requisitos o límites adicionales, consulte el Formulario que empieza en la página 21. También puede obtener más información sobre las restricciones que se aplican a medicamentos cubiertos específicos en nuestro sitio Web. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y tratamiento escalonado. También puede pedirnos que le envíemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y la portada posterior.

Puede pedirnos que hagamos una excepción a estas restricciones o límites, o puede solicitarnos una lista de otros medicamentos similares que puedan tratar su afección médica. Consulte la sección “¿Cómo puedo solicitar que se haga una excepción al Formulario de Imperial Health Plan?” en la página 13 para obtener información acerca de cómo solicitar una excepción.

¿Qué pasa si mi medicamento no está en el Formulario?

Si el medicamento que toma no está incluido en este Formulario (lista de medicamentos cubiertos), primero debe comunicarse con Servicios para los miembros y preguntar si su medicamento está cubierto.

Si resulta que nuestro plan no cubre el medicamento que toma, tiene dos alternativas:

- Puede pedir a Servicios para los miembros una lista de medicamentos similares que estén cubiertos por nuestro plan. Cuando reciba la lista, muéstresela a su médico y pídale que le recete un medicamento similar que esté cubierto por nuestro plan.
- Puede solicitar que nuestro plan haga una excepción y cubra su medicamento. Consulte a continuación para obtener información sobre cómo solicitar una excepción.

¿Cómo puedo solicitar que se haga una excepción al Formulario de Imperial Health Plan?

Puede solicitarle a nuestro plan que haga una excepción a nuestras normas de cobertura. Hay varios tipos de excepciones que puede solicitarnos.

- Puede pedirnos que cubramos un medicamento, incluso si no está en nuestro Formulario. Si se aprueba, este medicamento estará cubierto a un nivel de costo compartido predeterminado, y usted no podrá pedirnos que le brindemos el medicamento a un nivel de costo compartido menor.
- Puede pedirnos que cubramos un medicamento del Formulario a un nivel de costo compartido menor si este medicamento no está incluido en el nivel de medicamentos especializados. Si se aprueba, esto reduciría el monto que usted debe pagar por su medicamento.
- Puede pedirnos que no apliquemos restricciones o límites de cobertura para su medicamento. Por ejemplo, para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede pedirnos que hagamos una excepción al límite y cubramos una cantidad mayor.

Por lo general, nuestro plan solo aprobará su pedido de excepción si los medicamentos alternativos incluidos en el Formulario del plan, el medicamento de menor costo compartido o las restricciones de uso adicionales no fueran tan efectivos para tratar su afección o pudieran causarle efectos médicos adversos.

Debe comunicarse con nosotros para solicitarnos una decisión inicial de cobertura para una excepción al Formulario, o a la restricción de uso. **Cuando solicita una excepción al Formulario, o a la restricción de uso, debe presentar una declaración de su médico o de la persona**

autorizada a dar recetas que respalte su solicitud. Por lo general, debemos tomar una decisión dentro de las 72 horas a partir de la fecha de haber recibido la declaración que respalda su solicitud por parte de la persona autorizada a dar recetas. Puede solicitar una excepción acelerada (rápida) si usted o su médico consideran que esperar 72 horas para la toma de la decisión podría perjudicar gravemente su salud. Si se le concede el trámite rápido de la excepción, debemos comunicarle nuestra decisión a más tardar dentro de las 24 horas después de haber recibido la declaración de respaldo de su médico o de otra persona autorizada a dar recetas.

¿Qué debo hacer antes de hablar con mi médico sobre el cambio de los medicamentos que tomo o la solicitud de una excepción?

Como miembro nuevo o permanente de nuestro plan, es posible que esté tomando medicamentos que no están incluidos en el Formulario. También es posible que esté tomando un medicamento incluido en el Formulario, pero su capacidad de conseguirlo sea limitada. Por ejemplo, puede necesitar nuestra autorización previa antes de poder obtener su medicamento con receta. Debe consultar con su médico para decidir si debe cambiar su medicamento por uno apropiado que nosotros cubramos o solicitar una excepción al formulario para que le cubramos el medicamento que toma. Mientras evalúa con su médico el procedimiento adecuado para seguir en su caso, podemos cubrir su medicamento, en ciertos casos, durante los primeros 90 días en que usted sea miembro de nuestro plan.

Para cada uno de sus medicamentos que no está incluido en el Formulario o si su capacidad para conseguir los medicamentos es limitada, cubriremos un suministro temporal para 30 días. Si su receta está indicada para menos días, permitiremos que realice resurtidos por un máximo de hasta 30 días del medicamento. Después del primer suministro para 30 días, no seguiremos pagando estos medicamentos, incluso si ha sido miembro del plan durante menos de 90 días.

Si es residente de un centro de atención a largo plazo y necesita un medicamento que no está en el Formulario o si su capacidad para conseguir los medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia del medicamento para 31 días mientras solicita la excepción al formulario.

Las excepciones se encuentran disponibles para aquellos beneficiarios que hayan sufrido un cambio de nivel en la atención que reciben, el cual exige que se muden de una instalación o centro de tratamiento a otro. Los siguientes son ejemplos de las situaciones en las que los beneficiarios serían elegibles para una excepción de una sola vez de un surtido temporal al encontrarse fuera del plazo de los tres meses posteriores a la fecha de vigencia del programa de la Parte D:

1. El beneficiario fue dado de alta del hospital y recibió una lista de medicamentos del alta según el formulario del hospital.
2. Los beneficiarios quienes terminan su estancia de Medicare Parte A en un centro de enfermería especializada (en la que los pagos incluyen todas las tarifas de farmacia) y quienes necesitan volver al formulario de su plan de la Parte D.
3. Los beneficiarios que pierden su estatus de hospicio para volver a los beneficios estándares de Medicare Parte A y B.
4. Los beneficiarios que son dados de alta de hospitales psiquiátricos crónicos con regímenes de medicamentos altamente individualizados.
