Note to existing members: This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (Formulary) refers to “we,” “us,” or “our,” it means Imperial Health Plan of California, Inc. (HMO) (HMO SNP). When it refers to “plan” or “our plan,” it means Imperial Health Plan.

This document includes a Drug List (formulary) for our plan which is current as of 10/23/2024. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

What is the Imperial Health Plan Formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Imperial Health Plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an Imperial Health Plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: www.imperialhealthplan.com.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to Imperial Health Plan’s Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher

cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to Imperial Health Plan’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 10/23/2024. To get updated information about the drugs covered by Imperial Health Plan please contact us. Our contact information appears on the front and back cover pages. In the event of non-maintenance changes to the formulary throughout the plan year, we may make changes via errata sheets mailed to you. Additionally, you may visit our website for a link to the errata sheet.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 22. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “CARDIOVASCULAR”. If you know what your drug is used for, look for the category name in the list that begins on 16. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 331. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Imperial Health Plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally,

biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from Imperial Health Plan before you fill your prescriptions. If you don’t get approval, we may not cover the drug.
- **Quantity Limits:** For certain drugs, Imperial Health Plan limits the amount of the drug that we will cover. For example, our plan provides 30 tablets/30 days per prescription for Atorvastatin 20mg. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Imperial Health Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 22. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to Imperial Health Plan’s formulary?” on page 6 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Imperial Health Plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Imperial Health Plan.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to Imperial Health Plan's Formulary?

You can ask Imperial Health Plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, Imperial Health Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

1. Beneficiaries who are discharged from the hospital and are provided a discharge list of medications based upon the formulary of the hospital.
2. Beneficiaries who end their skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who need to revert back to their Part D plan formulary.
3. Beneficiaries who give up Hospice Status to revert back to standard Medicare Part A and B benefits.
4. Beneficiaries who are discharged from Chronic Psychiatric Hospitals with medication regimens that are highly individualized.

Imperial Health Plan's Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by Imperial Health Plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 331.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., Humira) and generic drugs are listed in lower-case italics (e.g., *celecoxib*).

Nota para los miembros actuales: Este Formulario ha cambiado con respecto al año pasado. Revise este documento para asegurarse de que aún contiene los medicamentos que toma.

Cuando esta Lista de medicamentos (Formulario) menciona “nosotros”, “nos” o “nuestro”, hace referencia a Imperial Health Plan of California, Inc. (HMO) (HMO SNP). Cuando dice “plan” o “nuestro plan”, hace referencia a Imperial Health Plan.

Este documento incluye una Lista de los medicamentos (Formulario) de nuestro plan, la cual está en vigencia desde el 23/10/2024. Para obtener una Lista de los medicamentos (Formulario) actualizada, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización de la Lista de los medicamentos (Formulario), aparece en las páginas de la portada y la portada posterior.

Generalmente, debe concurrir a las farmacias de la red para usar el beneficio de medicamentos con receta. Los beneficios, el formulario, la red de farmacias o los copagos/el coseguro pueden cambiar el 1 de enero de 2025 y periódicamente durante el año.

¿Qué es el Formulario de Imperial Health Plan?

En este documento, los términos Lista de medicamentos y Formulario significan lo mismo. Un Formulario es una Lista de medicamentos cubiertos seleccionados por Imperial Health Plan con la colaboración de un equipo de proveedores de atención médica, que representa los tratamientos con receta que se consideran una parte necesaria de un programa de tratamiento de calidad. Normalmente, nuestro plan cubrirá los medicamentos incluidos en el formulario, siempre que el medicamento sea médicamente necesario, el medicamento con receta se obtenga en una farmacia de la red de Imperial Health Plan y se cumpla con otras normas del plan. Para obtener más información sobre cómo obtener sus medicamentos con receta, consulte la Evidencia de cobertura.

¿El Formulario puede cambiar?

La mayoría de los cambios en la cobertura de los medicamentos ocurre el 1 de enero, pero nosotros podríamos agregar o quitar medicamentos del Formulario durante el año, moverlos a diferentes niveles de costo compartido o agregar nuevas restricciones. Debemos seguir las normas de Medicare al hacer estos cambios. Las actualizaciones del Formulario se publican todos los meses en nuestro sitio web: www.imperialhealthplan.com.

Cambios que pueden afectarlo este año: En los casos a continuación, usted se verá afectado por los cambios de cobertura durante el año:

- **Sustitución inmediata de determinadas versiones nuevas de medicamentos de marca y productos biológicos originales.** Podemos eliminar inmediatamente un medicamento de nuestro Formulario si lo reemplazamos con una cierta versión nueva de ese medicamento que aparecerá en el mismo nivel de costo compartido o en un nivel de costo compartido más bajo y con las mismas restricciones o menos. Cuando agregamos una nueva versión de un medicamento a nuestro Formulario, podemos decidir mantener el medicamento de marca o productos biológicos originales en nuestro Formulario, pero inmediatamente moverlo a un nivel de costo compartido diferente o agregar nuevas restricciones.

Podemos realizar estos cambios inmediatos solo si estamos sumando una nueva versión genérica de un medicamento de marca, o si agregamos ciertas nuevas versiones biosimilares de un producto biológico original, que ya estaba en el Formulario (por ejemplo, agregar un biosimilar intercambiable que puede ser sustituido por un producto biológico original por una farmacia sin una receta nueva).

Si actualmente está tomando el medicamento de marca o el producto biológico original, quizás no le informemos con anticipación que realizaremos un cambio inmediato, pero más adelante le proporcionaremos información sobre los cambios específicos que hemos realizado.

Si realizamos un cambio, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción y sigamos cubriendo para usted el medicamento que se cambiará. Para obtener más información, consulte la sección a continuación titulada “¿Cómo puedo solicitar una excepción al Formulario de Imperial Health Plan?”

Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte la sección a continuación titulada “¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?”.

- **Medicamentos retirados del mercado.** Si un fabricante retira un medicamento de la venta o la Administración de Alimentos y Medicamentos (Food and Drug Administration, FDA) determina que se debe retirar por razones de seguridad o eficacia, podemos eliminar inmediatamente el medicamento de nuestro Formulario y, luego, notificarles a los miembros que toman el medicamento.
- **Otros cambios.** Podemos hacer otros cambios que afectan a los miembros que actualmente toman un medicamento. Por ejemplo, podemos eliminar un medicamento de marca del Formulario cuando agreguemos un equivalente genérico o eliminar un producto biológico original cuando agreguemos un biosimilar. También podemos aplicar nuevas restricciones al medicamento de marca o al producto biológico original, moverlo a un nivel de costo compartido diferente, o ambas. Podemos realizar cambios en función de las nuevas pautas clínicas. Si retiramos medicamentos de nuestro Formulario; agregamos autorizaciones previas, restricciones de límite de cantidad o de tratamiento escalonado sobre un medicamento; o pasamos un medicamento a un nivel de costo compartido más alto, debemos notificar a los miembros afectados por el cambio al menos 30 días antes de que entre en vigencia el cambio. Alternativamente, cuando un miembro solicita un resurtido del medicamento, puede recibir un suministro del medicamento para 30 días y un aviso del cambio.

Si realizamos estos otros cambios, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción para usted y continuemos la cobertura del medicamento que ha estado tomando. En el aviso que le proporcionamos también se incluirá información sobre cómo solicitar una excepción, y también puede encontrar información en la sección a continuación titulada “¿Cómo puedo solicitar que se haga una excepción al Formulario de Imperial Health Plan?”

Cambios que no lo afectarán si actualmente toma el medicamento. En general, si usted toma un medicamento de nuestro Formulario para 2025 que estaba cubierto al comienzo del año, nosotros no discontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2025, excepto como se describe anteriormente. Esto significa que, por el resto del año de cobertura, estos medicamentos continuarán disponibles al mismo costo compartido y sin nuevas restricciones para aquellos miembros que estén tomándolos. No recibirá un aviso directo este año sobre cambios que no lo afectan. Sin embargo, dichos cambios lo afectarían a partir del 1 de enero del año siguiente, y es importante que verifique el Formulario del nuevo año de beneficios por cualquier cambio en los medicamentos.

El Formulario adjunto entra en vigencia el 23/10/2024 Para recibir información actualizada sobre los medicamentos cubiertos por Imperial Health Plan comuníquese con nosotros. Nuestra información de contacto aparece en las páginas de la portada y la portada posterior. En caso de cambios al formulario durante el año del plan que no sean relacionados al mantenimiento, podemos realizar cambios a través de las hojas de correcciones que le enviemos. Además, puede visitar nuestro sitio web para encontrar un enlace a la hoja de correcciones.

¿Cómo utilizo el Formulario?

Hay dos formas para encontrar su medicamento dentro del Formulario:

Afección médica

El Formulario comienza en la página 22. Los medicamentos de este Formulario están agrupados en categorías según el tipo de afección médica para cuyo tratamiento se los emplea. Por ejemplo, los medicamentos utilizados para tratar una afección cardíaca se enumeran dentro de la categoría “CARDIOVASCULAR”. Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que empieza en la página 18. Luego, busque su medicamento debajo del nombre de la categoría.

Listado alfabético

Si no está seguro de qué categoría consultar, debe buscar su medicamento en el Índice que comienza en la página 331. El Índice proporciona una lista alfabética de todos los medicamentos incluidos en este documento. En el Índice, están tanto los medicamentos de marca como los genéricos. Busque en el Índice y encuentre su medicamento. Junto a su medicamento, verá el número de página donde puede encontrar información acerca de la cobertura. Vaya a la página que figura en el Índice y encuentre el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Imperial Health Plan cubre tanto los medicamentos de marca como los genéricos. Un medicamento genérico está aprobado por la Administración de Drogas y Alimentos (Food and Drug Administration, FDA) dado que se considera que tiene el mismo ingrediente activo que el medicamento de marca. Por lo general, los medicamentos genéricos funcionan igual de bien y, suelen costar menos que los de marca. Hay medicamentos genéricos sustitutos disponibles para muchos medicamentos de marca. Normalmente, los medicamentos genéricos pueden sustituir a los medicamentos de marca en la farmacia sin necesidad de obtener una receta nueva, según las leyes estatales.

¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?

En el Formulario, cuando nos referimos a medicamentos, esto podría significar un medicamento o un producto biológico. Los productos biológicos son medicamentos más complejos que los medicamentos habituales. Dado que los productos biológicos son más complejos que los medicamentos típicos, en lugar de tener una forma genérica, tienen alternativas que se denominan biosimilares. Por lo general, los biosimilares funcionan tan bien como el producto biológico original y pueden costar menos. Existen alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son biosimilares intercambiables y, según las leyes estatales, pueden reemplazar al producto biológico original en la farmacia sin necesidad de una nueva receta, al igual que los medicamentos genéricos pueden sustituir a medicamentos de marca.

- Para consultar los tipos de medicamentos, consulte la Evidencia de cobertura, Capítulo 5, Sección 3.1, “La ‘Lista de medicamentos’ indica qué medicamentos de la Parte D están cubiertos”.

¿Hay alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos o límites adicionales de cobertura. Estos requisitos y límites pueden incluir lo siguiente:

- **Autorización previa:** Nuestro plan exige que usted o la persona autorizada a dar recetas obtenga una autorización previa para determinados medicamentos. Esto significa que necesitará contar con la aprobación de Imperial Health Plan antes de obtener sus medicamentos con receta. Si no consigue la autorización, es posible que no cubramos el medicamento.
- **Límites de cantidad:** Para ciertos medicamentos, Imperial Health Plan limita la cantidad del medicamento que cubriremos. Por ejemplo, nuestro plan proporciona 30 tabletas/30 días por receta para Atorvastatin 20mg. Esto puede ser complementario a un suministro estándar para un mes o tres meses.
- **Tratamiento escalonado:** en algunos casos, nuestro plan requiere que usted primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa enfermedad. Por ejemplo, si el medicamento A y el medicamento B tratan su afección médica, es

posible que Imperial Health Plan no cubra el medicamento B a menos que usted pruebe primero el medicamento A. Si el medicamento A no funciona para usted, entonces cubriremos el medicamento B.

Para averiguar si su medicamento tiene requisitos o límites adicionales, consulte el Formulario que empieza en la página 22. También puede obtener más información sobre las restricciones que se aplican a medicamentos cubiertos específicos en nuestro sitio web. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y tratamiento escalonado. También puede solicitarnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y la portada posterior.

Puede pedir que nuestra plan haga una excepción a estas restricciones o límites, o puede solicitarle una lista de otros medicamentos similares que podrían tratar su afección médica. Consulte la sección “¿Cómo puedo solicitar que se haga una excepción al Formulario de Imperial Health Plan?” en la página 13 para obtener información acerca de cómo solicitar una excepción.

¿Qué pasa si mi medicamento no está en el Formulario?

Si el medicamento que toma no está incluido en este Formulario (lista de medicamentos cubiertos), primero debe comunicarse con nuestro Departamento de Membresía y preguntar si su medicamento está cubierto.

Si resulta que Imperial Health Plan no cubre el medicamento que toma, tiene dos alternativas:

- Puede pedir a nuestro Departamento de Membresía una lista de medicamentos similares que estén cubiertos por nuestro plan. Cuando reciba la lista, muéstresela a su médico y pídale que le recete un medicamento similar que esté cubierto por Imperial Health Plan.
- Puede solicitarnos que hagamos una excepción y cubra su medicamento. Consulte a continuación para obtener información sobre cómo solicitar una excepción.

¿Cómo puedo solicitar que se haga una excepción al Formulario de Imperial Health Plan?

Puede solicitar que Imperial Health Plan haga una excepción a nuestras normas de cobertura. Hay varios tipos de excepciones que puede solicitarnos.

- Puede pedirnos que cubramos un medicamento, incluso si no está en nuestro Formulario. Si se aprueba, este medicamento estará cubierto a un nivel de costo compartido predeterminado, y usted no podrá pedirnos que le brindemos el medicamento a un nivel de costo compartido menor.
- Puede pedirnos que no apliquemos una restricción de cobertura, incluidos la autorización previa, el tratamiento escalonado o el límite de cantidad de su medicamento. Por ejemplo, para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede pedirnos que hagamos una excepción al límite y cubramos una cantidad mayor.
- Puede pedirnos que cubramos un medicamento del Formulario a un nivel de costo compartido menor, a menos que el medicamento esté incluido en el nivel de medicamentos especializados. Si se aprueba, esto reduciría el monto que usted debe pagar por su medicamento.

Por lo general, Imperial Health Plan solo aprobará su solicitud de una excepción si los medicamentos alternativos incluidos en el Formulario del plan, el medicamento de menor costo compartido o la aplicación de la restricción no fueran tan efectivos para usted o pudieran causarle efectos adversos.

Usted o la persona autorizada a dar recetas deben comunicarse con nosotros para solicitar una excepción de nivel o excepción al Formulario, incluida una excepción a una restricción de cobertura. **Cuando solicita una excepción, la persona autorizada a dar recetas tendrá que explicar las razones médicas por las que necesita la excepción.** Por lo general, debemos tomar una decisión dentro de las 72 horas a partir de la fecha de haber recibido la declaración que respalda su solicitud por parte de la persona autorizada a dar recetas. Puede pedir una decisión acelerada (rápida) si usted considera, y nosotros estamos de acuerdo, que esperar 72 horas para la toma de la decisión podría perjudicar gravemente su salud. Si aceptamos, o si la persona autorizada a dar recetas pide una decisión rápida, debemos comunicarle nuestra decisión, a más tardar, en un período de 24 horas después de recibir la declaración que respalda su solicitud por parte de la persona autorizada a dar recetas.

¿Qué puedo hacer si mi medicamento no está en el Formulario o si tiene una restricción?

Como miembro nuevo o permanente de nuestro plan, es posible que esté tomando medicamentos que no están incluidos en el formulario. También es posible que esté tomando un medicamento que está en nuestro Formulario, pero que tiene una restricción de cobertura, como la autorización previa. Debe hablar con la persona autorizada a dar recetas para solicitar una decisión de cobertura para demostrar que cumple con los criterios de aprobación, cambiar a un medicamento alternativo que cubramos o solicitar una excepción al Formulario para que cubramos el medicamento que toma. Mientras usted y su médico determinan el procedimiento adecuado para seguir en su caso, podemos cubrir su medicamento, en ciertos casos, durante los primeros 90 días en que usted sea miembro de nuestro plan.

Para cada uno de los medicamentos que no están en nuestro Formulario o que tienen una restricción de cobertura, cubriremos un suministro temporal de 30 días. Si su receta está indicada para menos días, permitiremos que realice resurtidos del medicamento por un máximo de hasta 30 días. Si no se aprueba la cobertura, después del primer suministro para 30 días, no seguiremos pagando estos medicamentos, incluso si ha sido miembro del plan durante menos de 90 días.

Si es residente de un centro de atención a largo plazo y necesita un medicamento que no está en el Formulario o si su capacidad para conseguir los medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia del medicamento para 31 días mientras solicita la excepción al formulario.

Las excepciones se encuentran disponibles para aquellos beneficiarios que hayan sufrido un cambio de nivel en la atención que reciben, el cual exige que se muden de una instalación o centro de tratamiento a otro. Los siguientes son ejemplos de las situaciones en las que los beneficiarios serían elegibles para una excepción de una sola vez de un surtido temporal al encontrarse fuera del plazo de los tres meses posteriores a la fecha de vigencia del programa de la Parte D:

1. Los beneficiarios que son dados de alta del hospital y reciben una lista de medicamentos del alta según el formulario del hospital.
2. Los beneficiarios que terminan su estancia de Medicare Parte A en un centro de enfermería especializada (en la que los pagos incluyen todas las tarifas de farmacia) y quienes necesitan volver al formulario de su plan de la Parte D.
3. Los beneficiarios que pierden su estatus de hospicio para volver a los beneficios estándares de Medicare Parte A y B.
4. Los beneficiarios que son dados de alta de hospitales psiquiátricos crónicos con regímenes de medicamentos altamente individualizados.

CB: Capped Benefit - This drug has a specified limit amount per month and does not allow early refill.

PA3: Prior Authorization (Part B vs. Part D) - This prescription drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

E; GC; QL (6 EA per 30 days): Excluded Drug - Enhancement covered in the Gap; Quantity Limit (amount per days)- This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you may not be eligible to receive extra help to pay for this drug through other programs.

MO: Mail Order Eligible- This prescription may also be available via mail.

PA: Prior Authorization- You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.

PA2: Prior Authorization (New Starts Only)- You (or your physician) are required to get prior authorization before you fill your prescription for this drug unless you are a previous user of the drug. If you have a history of using this medication, you will not need prior authorization.

QL: Quantity Limit- There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.

ST: Step Therapy - In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.

CB: Beneficio limitado: este medicamento tiene una cantidad límite específica por mes y no permite resurtidos anticipados.

PA3: Autorización previa (Parte B vs. Parte D) - Este medicamento recetado podría estar cubierto por la Parte B o la Parte D de Medicare, de acuerdo con las circunstancias. Es posible que tenga que entregar información que describa el uso y el contexto del medicamento para tomar la determinación.

E; GC; QL (6 EA por 30 días): Medicamento excluido; Mejora cubierta en el Periodo sin cobertura; Límite de cantidad (cantidad por días): Este medicamento recetado normalmente no está cubierto por un plan de medicamentos recetados de Medicare. El monto que paga cuando obtiene una receta para este medicamento no se toma en cuenta para el costo total de sus medicamentos (es decir, el monto que paga no lo ayuda a calificar para la cobertura contra catástrofes). Además, si recibe ayuda adicional para pagar sus recetas, es posible que no sea elegible para recibir ayuda adicional para pagar este medicamento a través de otros programas.

MO: Elegible para pedido por correo: esta receta también puede estar disponible por correo.

QL: Límite de cantidad: existe un límite en la cantidad de este medicamento que está cubierta por receta o dentro de un período de tiempo específico.

ST: Terapia escalonada: en algunos casos, es posible que deba probar primero ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa afección.
