A MESSAGE FROM OUR CHIEF MEDICAL OFFICER

HAPPY HOLIDAYS!

We hope you are doing well. Thank you for being a member of Imperial Health Plan of California, Inc. (HMO) (HMO SNP). We are grateful for having the opportunity to help manage your health. We want to help keep you well and healthy. In this newsletter, we have some exciting updates and helpful tips just for you.

It's important to take good care of yourself, both physically and mentally. Here are a few simple tips:

- **Stay Hydrated:** Drink plenty of water every day (unless your doctor has asked you to restrict water intake because of your specific medical condition).
- **Eat Healthy:** Try to eat a balanced diet. This helps keep your body strong.
- **Exercise regularly:** Even a little bit of exercise can make a big difference. Try to move around every day. Aim for at least 4,000 steps each day towards a goal of 7,000 steps at any pace (unless your doctor has instructed you not to walk).

At Imperial Health Plan, we are here to support you on your health journey. Consult with your provider for personalized recommendations—whether it's time to check your blood sugar or schedule screenings for colon or breast cancer. Thank you for letting us be a part of your lives and your healthcare team.

Take care and stay healthy!

Best Wishes,

Dr. Muthukumar Vaidyaraman, MD MBA FACHE
Chief Medical Officer

The best part is that these screenings do not require prior-authorization—just an order from a licensed qualified provider.

To learn more about these services and how they can help you, visit the USPSTF recommendations page here: www.uspreventiveservicestaskforce.org/uspstf/recommendation-topics/uspstf-a-and-b-recommendations.
