

Medicare Part D 2026 Formulary Changes - Imperial Senior Value (HMO C-SNP)

Imperial Health Plan of California, Inc. (HMO) (HMO SNP) may add or remove drugs from our formulary during the year. If we remove a drug from our formulary, add prior authorization, quantity limits and/or step therapy restrictions or move a drug to a higher cost-sharing tier, we will notify affected members in writing of the change at least 30 days before the date that the change becomes effective. However, if the U.S. Food and Drug Administration (FDA) determines a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our drug formulary and notify affected members retrospectively in writing. The table below outlines changes made to our formulary throughout 2025.

VERSION: 15
FORMULARY ID: 26350

2026 FORMULARY UPDATE AS OF September 1, 2026:
